Luxury standards applied uniformly

Stone	Italian marble only: Calacatta Viola (baths), Nero Marquina, Calacatta, green marble (master); honed travertine; honed light stone floors
Wood	Walnut and oak veneers on quality ply, hand-oiled; engineered herringbone oak; solid oak stair treads; teak / ipe outdoors
Metal	Solid brass and brushed-brass PVD for all fittings, handles, taps and trims; dark bronze for glazing and balustrade caps
Textiles	Velvet, bouclé, silk-blend and linen; hand-knotted wool / wool-silk rugs indoors; Sunbrella and solution-dyed rugs outdoors; Egyptian-cotton bath linen
Lighting	Designer fixtures (brass, alabaster, crystal, blown glass); dimmable 2700 K scenes; concealed coves; no plain battens or basic bulbs in living spaces
Comfort	Motorised drapes in all bedrooms and the void; concealed-cistern WCs; heated towel rails in every bathroom; underfloor heating in the master toilet

Audit — what changed and why

Space	Before (rev 2)	After (rev 3)	Reason
Upper lounge	Brass candle-style pendant OR LED cove (undecided)	★ Sculptural brass chandelier Ø900 + dimmable LED cove	A luxury lounge needs one decisive statement light
All bedrooms	Table lamps; plain ceiling fan; manual drapes; standard rugs	★ Alabaster / brass pendants or sconces; designer bronze-walnut fan; motorised silk-blend drapes; hand-knotted rugs	Same comfort and lighting standard in every bedroom
Bedroom-2	Small desk with chair; oak side tables; plain headboard	★ Leather-top oak desk + bouclé chair; oak tables on brass legs; greige velvet headboard with bronze trim	Was visibly the budget room; now matches the master and Bedroom-1
Bathrooms	Visible / standard WC, framed screens, basic towels; no heated rail in Bedroom-1 toilet	★ Concealed cisterns, frameless low-iron glass, brushed-brass PVD fittings, heated rails everywhere, Egyptian-cotton linen	Uniform hotel-grade bathroom specification
Bedroom-2 toilet	Freestanding tub optional	★ Freestanding stone-resin tub 1500×750 recommended	Biggest bath on the floor; the moodboard tub fits here
Walk-in wardrobes	Standard doors and handles; plain mirror	★ Bronze-tinted glass doors, leather handles, glass-top jewellery drawers, bronze-framed mirror, wool runner	Boutique-style dressing rooms
Balconies	WPC deck; oak / walnut cabinet and swing; vertical planter panel; wind chime	★ Teak / ipe deck; teak cabinet, swing on brass chains; Sunbrella cushions; preserved-moss panel in bronze frame; wind chime removed	WPC and indoor woods are not luxury-grade outdoors; décor kept refined
Décor (all)	Small / generic framed prints; desk organiser	★ Limited-edition prints in walnut frames; brass desk lamp + leather desk set; bronze sculpture in the stair niche	Collected, curated feel rather than filler accessories
Staircase / lobby	Generic pendant cluster; plain console	★ Blown-glass pendant cluster; walnut console on brass legs; brass sconces	Circulation spaces carry the same finish level

Notes

Ground-floor consistency: to keep one luxury standard across the house, the same upgrades should apply to the ground floor: courtyard WPC deck → teak / ipe; helper's room and utility (functional spaces) → refined but practical: oak-veneer joinery, brass fittings, warm LED instead of a batten.
Open question: the 12'1" × 12'3" double-height void over the ground-floor lounge (currently kept at 10 ft) still needs confirmation.
